That's fine we can meet in the infection control office. Ask for me . I usually work there remotely if space is available. My cell # 305 987-9543

Subject: HealthStream Reports

Hello,

I am working with Jennifer Cordo on creating patient satisfaction graphs for the unit clinical outcomes boards. She recommended I received 1:1 training to run the Healthstream reports from Ani Rodriguez. I spoke to Ani and she directed me to you on teaching me how to run Health Stream reports for Patient Satisfaction. I need to learn the basics, and as well how to run reports for certain questions for each category?

Thank you in advance,
Jennifer Fernandez, BSN, RN
