Subject: RE: Sign up for CPN Exam before CPN Review Course

Jen,

Thank you for sending this out! Great job with all the instructions. In the future I would recommend separating it out so it's easier for the reader to know what they need to do and an easier read. Possibly break up the expectations/steps by headings with bullets of action items. Headings can be something such as "Complete before the review course", "After review course", and "exam day" or something around those lines...

Thanks for all you do!

Jenny Cordo, MSN, ARNP, NE-BC

Subject: Sign up for CPN Exam before CPN Review Course

Importance: High

Hello,

Hope this email finds you well. Attached you will find a document that will guide you in the process to register for your CPN exam. Please register for the CPN exam BEFORE the review course. After completing the application, it takes up to 2 weeks for PNCB to give you authorization to schedule your exam. Once you receive the email from PNCB giving you access to sit for exam, schedule your exam within your 90 day window period. To sit for review course , you must print and bring in the confirmation of registration in order to attend. Upon signing into

the review course we will request proof that you have signed up. The code below allows you 90 days to take the exam, which in turn gives you a better chance of passing the exam on the first attempt. If you have any questions please feel free to contact myself or Jenny Cordo.

Your nurses' special code is: **32CE64BAF3C43D98**

Thank you and have a wonderful day!
Jennifer Fernandez, BSN, RN
